Bux.to is **NOT** a Autosurf, Multi-Level Marketing, Pyramid, Ponzi, Matrix or "Get Rich Quick" scheme.

Bux.to is a new innovative, international and **FREE** English based service that allows advertisers to reach thousands of potential customers by displaying their ad on our, "Surf Ads" page. A exact calculated percentage of all advertising revenue is paid to our members. Bux.to makes money via advertising, other advertising sources throughout the website as well as earning through direct sponsorship of other Bux.to members, just like a regular member does.

How you make money

You view websites in 30 second sessions via the "Surf Ads" page. Once the 30 seconds is up, you'll either get a green tick sign or a red 'X'. The green tick sign means you've earned \$0.01 and as premium member \$0.0125 for the visit and the 'X' means you have not earned money for the visit. You'll get red X's when you have more than one website from the "Surf Ads" page open. When this happens, you get no credit.

A valuable benefit to both the members and the advertisers is the repeat exposure that the advertiser gets. Whenever you click and view a website, you can visit that website again **in 24 hours** as long as the visit cap hasn't been reached. That's right! After 24 hours you can click and view the website again. This gives the advertiser optimal exposure by using "repeat advertising" and it further increases the members earning potential.

Earnings example (based on current averages)

- » You click 10 ads per day = \$0.10
- » 20 referrals click 10 ads per day = \$2.00
- » Your daily earnings = \$2.10
- » Your weekly earnings = \$14.70
- » Your monthly earnings = **\$63.00**
